

THE WOODCUTTER SETTLEMENTS OF KNYSNA

A new book *The Woodcutter Settlements of Knysna*, which explains the efforts of the Cape authorities to uplift the living conditions of the woodcutters of the Knysna and Tsitsikamma Forests, has recently been released. It will also be of great interest to those doing family research as it contains information that has not been made easily available before.

Knysna based readers can obtain a copy of the book from:
Dejavu Antiques & Books in Woodmill Lane, Knysna (contact Tony O'Hagan on 044 382 1259)
Readers distant from Knysna can obtain the book directly from the author, delivered by the South African Post Office or by Postnet.
